SUPPLEMENTARY DETAILS (continued)

5. Lebensohl, after our 1NT opening has been overcalled.

X = primarily penalty any suit at the 2-level is to play

Any bid at the 3-level is GF

Cue = 4 cards in unbid M(s) & no stop in opponents' suit, GF

3NT = <4 cards in unbid M(s) & no stop in opponents' suit, GF

2NT requires opener to bid 3*, after which:-

Cue = 4 cards in unbid M(s) & stop in opponents' suit, GF

3NT = <4 cards in unbid M(s) & stop in opponents' suit

Any other suit is to play

6. Check-back after opener's 1NT rebid

Only after 1L – 1M; 1NT (excluding 1♣ – 1♠; 1NT). Also on in logically equivalent auctions where opener rebids 1NT in competition (with weak-NT values).

- 2♣ Requires 2♦; either, (a) to play there, (b) to introduce invitational types, (c) to describe 5M hands up to choice-of-games strength.
- 2♦ Artificial game-force.
- 2M To play.
- 2♥ [support] flawed hand, usually 4-3-3-3
- 2♥ [new suit] NF
- 2♠ 4-4 majors, NF but values for 2NT.
- 2NT INV, no extra major length.
- 3L Nat, FG, 5-5 concentrated
- 3NT No extra major implied.
- 4L Shortage, own suit, 'self-agreeing splinter'.
- 4NT INV show minors if accepting

Responder uses 2* and continues to describe along the same lines as above except that equivalent actions that show values (2NT, 3NT, 2*) show a fifth card in responder's major. All continuations are non-forcing.

After responder's game-forcing $2 \blacklozenge$ opener bids unshown major lengths as cheaply as possible. Lacking any, 3-minor shows a decent 5-card suit, 2NT otherwise. $1 \blacktriangledown - 1 \spadesuit$; $1 NT - 2 \spadesuit$; $2 \blacktriangledown$ shows good hearts (at least AK10xx).
